CREDIT UNION

Investing in the financial well-being of our members and our Lee's Summit community is at the heart of Missouri Central Credit Union. We take measures to make your money go further, implement and upgrade safety and convenience features, provide financial education, and give back to local non-profit organizations. We continue to evaluate the world we live in and the best ways to support our members and provide proper outreach.

We're experiencing life differently than we did five years ago, which means needs have changed. Our commitment to our members, however, remains unchanged. Our guiding principles as your not-for-profit cooperative continue to forge our path and allow us to bring you better solutions for a brighter financial future. We have decided to pause our Member Bonus Dividend Program for 2022 so that we can invest in our future and make our credit union even stronger for our members.

This will allow us to evaluate and invest in new ways in 2022 to further improve your credit union. We will work to build on our current benefits, evaluate new avenues of service, increase employee compensations, evolve our branding and our website, and support our non-profit partners as they also move forward with meeting the needs of Lee's Summit residents.

Most importantly, we will embrace The Credit Union Difference and continue to give back in the most meaningful ways:

- Lower interest rates on loans
- Higher yields on savings and premier accounts
- Ongoing Financial Education
- Strong support and outreach for our non-profit community

Whether you are a first-time homebuyer, looking to purchase a vehicle, starting a new business, or seeking ways to streamline your finances... We want to help!
